comw on get it over msn gives away services to the talking about giving away  
comptures to education,

seems like the goverment neds to worrie about what is not working with  
inside its self I know i work for the goverment fix what is not working  
right ,clean it up, the ppl of the US are tired of the goverment going after  
something that is working right,did u all think that msn might just laying  
off ppl if u hit them hard come on

go after real crime, what about polution from big companys ,wish the  
goverment spend as much time going after that than msn get real ppl  
let msn give education free comturs and tell then what not to do
